3600 MAIL ROOM

Sir:

Transmitted herewith for appropriate action by the U.S. Patent and Trademark Office (PTO) are the following documents:

1. A substitute CD-ROM containing the sequence listing of the above identified application;
2. A Statement under 37 C.F.R. § 1.821(g);
3. Certificates of Mailing for this transmittal letter, the accompanying CD-ROM, the accompanying Statement and a copy of Raw Sequence Listing Error Report; and
4. One Return Postcard

RECEIVED  
JAN 03 2001  
TECH CENTER 1600/2300

It is respectfully requested that the attached prepaid postcard be stamped with the date of filing of these documents and be returned to us as soon as possible. In the event that extensions of time are necessary to prevent abandonment of this patent application, then such extensions of time are hereby petitioned.

On October 4, 2000, Applicants' representatives received the Raw Sequence Listing Error Report and Filing Receipt and License for Foreign Filing. The Raw Sequence Listing Error Report stated that the sequence listing in Computer Readable Form of the above referenced application was defective as described in the accompanying Sequence Listing Error Report. However, Applicants' representatives have not received Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures.

In order to comply with the Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures and to correct the defects, Applicants' representatives submit a substitute CD-ROM of the sequence listing. The sequence listing on the

substitute CD-ROM was checked with the United States Patent Office Checker software, version 3.0, in an attempt to recognize any possible errors before submission. No error was detected.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 13-4125.

Respectfully submitted,

Jian S. Zhou  
(Reg. No. 41,422)
